

# 505 JUNK

1-855-505-5865 | [www.505junk.com](http://www.505junk.com)

# 505-Junk is a full-service waste management provider operating throughout the entire Greater Vancouver and Fraser Valley areas. We provide loading, transporting, sorting, and disposal of multiple different waste and recycling materials.

We innovated the industry in 2015 by installing onboard Measurement Canada certified scale systems onto all of our trucks. This enables us to be transparent with our pricing as we charge by the weight of the material we take away. Our unique service made us a finalist for Small Business BC's Best Concept Award. Additionally, we are now able to provide live diversion tracking for recyclable, donatable, and garbage items.

## SERVICES WE PROVIDE

- A truck team of two on every job site
- Highly trained employees to provide a seamless customer experience that will represent your brand in the most positive light
- Loading, lifting, and sorting of materials
- Tidy and sweep in areas that we work
- Clear communication and invoicing procedures

## ADDITIONAL SERVICES

In some situations our clients require additional services. Below are a few examples of additional services we provide to companies like Ledcor, Amacon, Onni, and Concert Properties:

- Recycling metrics and diversion tracking
- Custom invoicing procedures
- Additional labour, as needed
- Flexible pickups based on your needs (same day or regularly scheduled pickups) to ensure space is being maximized on your properties

## AREAS WE CAN OFFER THE MOST VALUE

We are often utilized in the following situations to alleviate headaches, time, and costs of management:

- Decommissioning pre-construction or pre-move outs
- Challenging demo clear outs where space, time, and recycling metrics have to be tracked
- During construction when bins are full
- Emergency clear outs before inspections
- Maintaining clean sites to meet WCB standards
- Post-construction clean outs
- Post-move in clear outs of cardboard and packaging materials

## HOW WE CHARGE

Our charges start with a base pickup fee to cover the transportation time for our crew to get to the site. After that, all labour to load the material, the disposal costs, and the transportation are included in our price per pound. Any items with recycling levies will be charged based on the recycling levies in that particular territory. For our most recent rates and for a full list of items with recycling levies please visit our site at [www.505junk.com](http://www.505junk.com) or call 1-855-505-5865.

## WHY PAY BY WEIGHT?

- This unique pricing structure is made possible by our legal for trade Measurement Canada certified scales that are built into our trucks
- Paying by weight, as opposed to a volume estimate, makes our pricing exact and much more fair for you
- Our scales mean you can set a budget beforehand
- Live diversion tracking allows us to handle multiple different types of material at one time in one vehicle

## HOW TO OPEN AN ACCOUNT

To open an account simply call your sales representative, or call **1-855-505-5865** seven days per week. You will need to provide the organization's name, billing address and contact information, and any custom work order or invoice policies required. Once your account is opened, any number of job sites can be added to that account.

## HOW TO BOOK A WORK ORDER

To book a work order, either call or email your sales representative or call the sales centre at **1-855-505-5865**. You will need the site address, site contact, material information, PO# if required, parking instructions, and any special notes. The total booking time should be no more than 5 minutes to 10 minutes given the complexity of the work order.
